

THE VINEYARD

Establishing roots and bearing fruit.

What's inside?

Life in Naples is quite hectic. It is my prayer that this newsletter might help you find some simplicity; turn your new found free time over to God, for He alone is worthy of your praise!

Our beautiful ladies in class

November birthdays

Did you know:

In May, 1956 about 500 Christian women gathered in Berchtesgaden, Germany to attend a training conference. It was at this conference that a PWOC Council was officially established and guidelines for area and local chapters were established. The theme for that conference was: "We are workers together for Christ." This has become the official motto for PWOC's worldwide and is found in the official PWOC logo.

Sisters in Christ

What a wonderful season we are in within the body of PWOC. God's blessings are bountiful and every week we are reminded that His presence is real and it is powerful! Have you felt Him stirring your spirit, or the spirit of a sister sitting next to you in study or during Praise and Worship? It is both comforting and amazing sharing our time with Him each week. Matthew 18:20 states: "For where two or three gather in my name, there am I with them." Dear sisters, if you have missed a week or two (or more) here and there please do not stop coming. If you fell behind in your study do not let that stop you from experiencing what God has in store for you. You are always welcome and we welcome you back with open arms!

Colossians 2: 6-7 "So then, just as you received Christ Jesus as Lord, continue to live in him, rooted and built up in him, strengthened in the faith as you were taught, and overflowing with thankfulness."
